SISTERS OF MERCY

From January 1, 1915,
To December 31, 1916.

"He That Showeth Mercy to the Poor
Shall Be Blessed."—Pv. 14-21.

APPEAL

It has not been a custom of the Sisters of Mercy of St. Mary's Hospital to make a public manifestation of their difficulties. This fact is probably responsible for the very erroneous opinion prevalent that the Sisters stand in no need of financial aid in their work of ministering to suffering humanity. Believing that this false impression has deprived the Community of the support they might otherwise have received, and that the work of God has been and is hampered thereby, the Sisters now sacrifice that reserve which would lead them to conceal their embarrassment and struggle on, and present a statement of their financial situation.

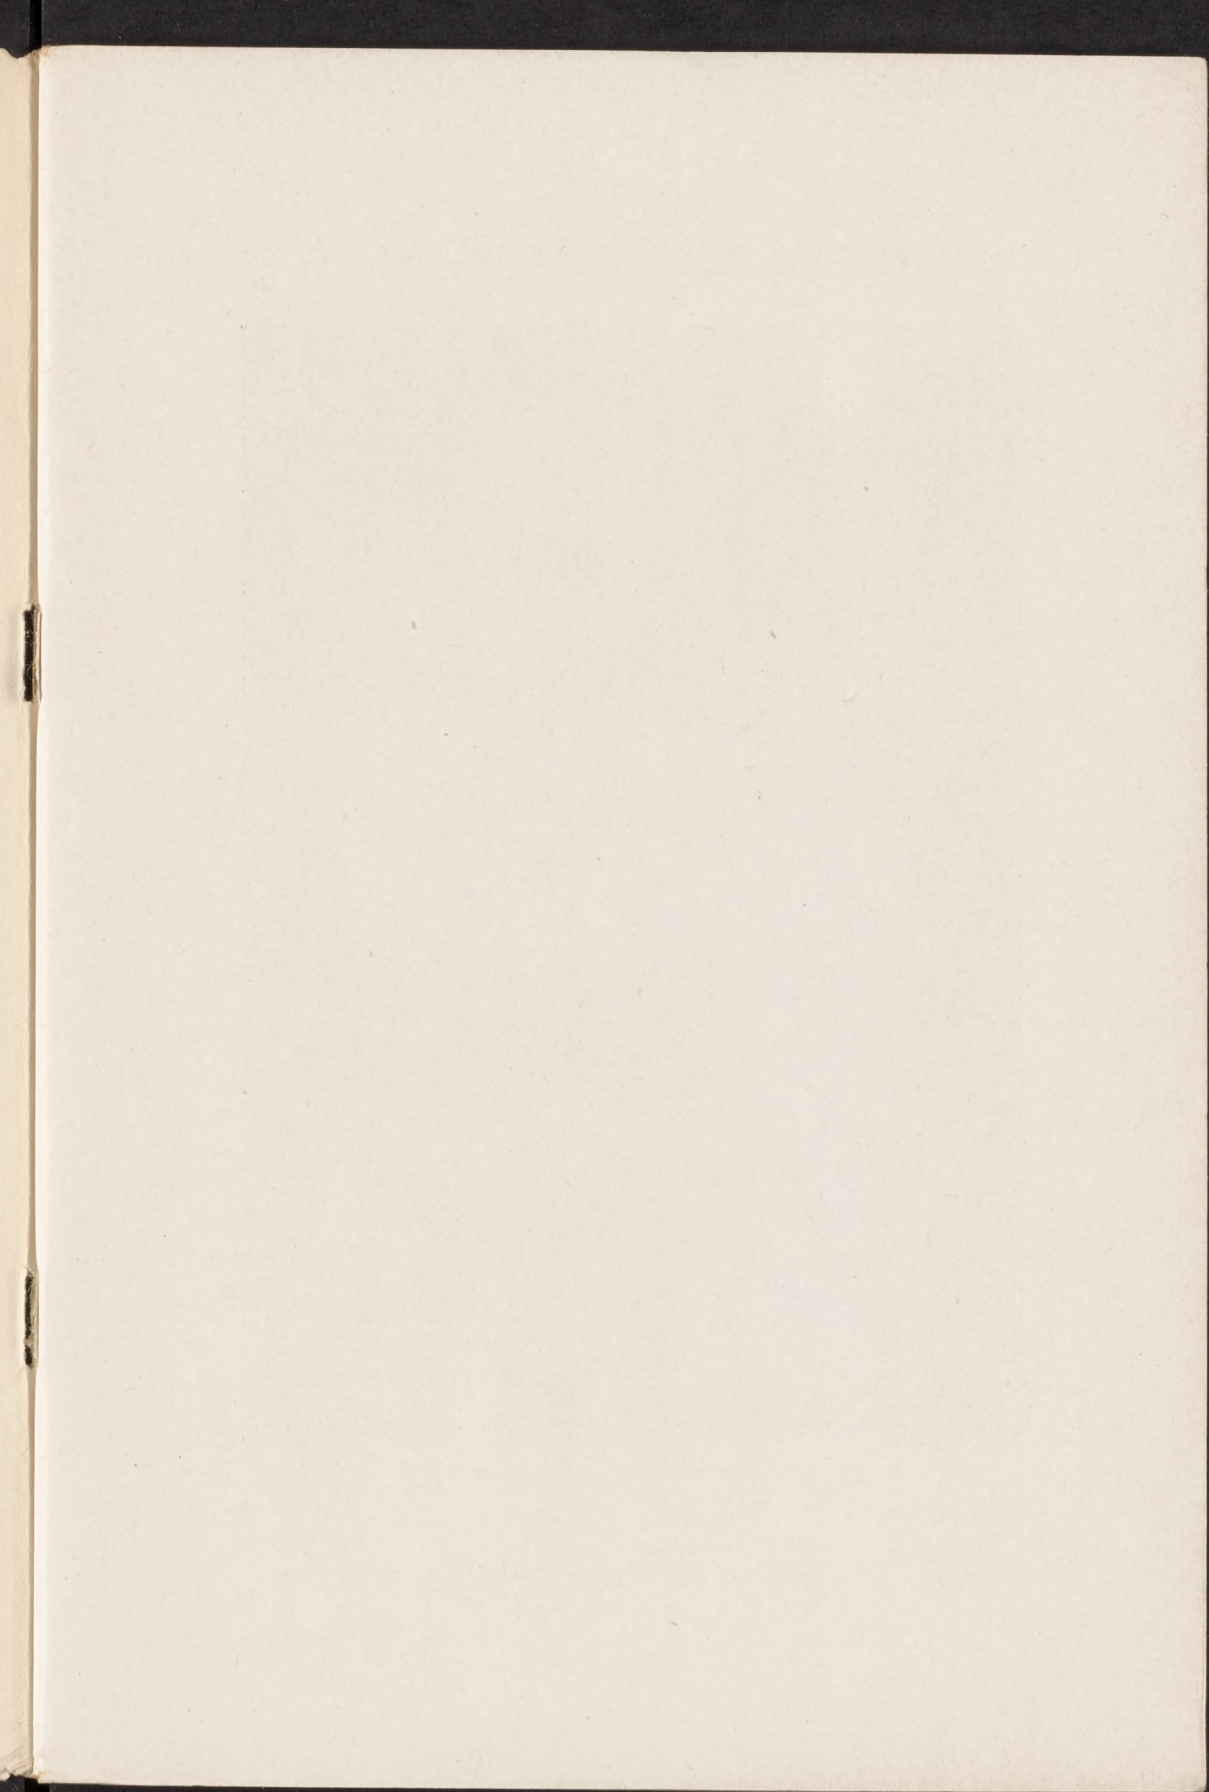

When the new St. Mary's Hospital was contemplated, it was expected that the site of the old building (destroyed in the calamity of 1906) could be sold to advantage at an early date, thus enabling the Community to cancel (in part, at least) the debt of three hundred sixty thousand dollars, necessarily incurred. This hope has not yet been realized. Meanwhile, it has been a strenuous effort to meet the current expenses and pay the great sum due for interest on the loan. The Eight Hour Law for Nurses has made it necessary that a greater number be engaged. The expense of keeping up the hospital has also increased on account of the continuance of the war, greatly increased prices prevailing on surgical instruments, drugs, etc., that must be purchased.

The erection on the hospital grounds of a suitable home for the pupil nurses has become a pressing need. At present, the young women are housed in rented flats on Grove Street, an arrangement which has been a source of trials and difficulties to both Sisters and Nurses. The Garden Fete of October fourteenth, under the auspices of the Alumnae, had in view the raising of a fund whereby a building to accommodate a large number of nurses might be erected on the hospital grounds. Thanks to the kind efforts and to the generosity of the many friends of the Community, the affair proved a truly wonderful success, the amount realized being about six thousand dollars. This sum includes the donations of kind benefactors whose names are written in the Book of Life as well as in the hearts of the grateful Sisters.

That the Community might be able to give an idea of the cost of the desired building, Messrs. Willis Polk & Co. kindly furnished plans and estimated the cost at eighty thousand four hundred sixty-five dollars exclusive of Architects' fee and furnishings, which would probably bring the amount required to one hundred thousand. Here is a splendid opportunity for the Wealthy and Wise! Who gives to this cause lends to the Lord Who never fails to repay with usury.

If a home were erected to accommodate all the pupil nurses, the wards in the Hospital, now given over to their use, could be added to the Maternity Department. The Sisters have been most anxious to furnish ward accommodations for these cases but, under present conditions, only one ward is available. The X-Ray Department has outgrown the space assigned. The work has greatly increased during the past year and new apparatus is constantly being introduced, making the present quarters quite inadequate.

Were the Hospital unhampered by debt, its scope of usefulness would be immensely increased. It is the fond hope of the Sisters that this appeal may be read by some good people of wealth who will gladly avail themselves of this chance to add to their treasures in heaven, "where rust and moth do not consume nor thieves break through and steal." With a fervent prayer to our heavenly Father for His blessing on all their benefactors, including those yet to be added to the number, the Sisters of Mercy send forth this appeal.

The Most Reverend Edward J. Hanna, D. D.

Resident Physician

H. W. HARDING, M. D.

Internes

JOS. I. CALLANAN, A. B., M. D.

TIMOTHY J. CASEY, M. D.

It is a pleasure to acknowledge our obligations to the Executive Committee of the Staff, consisting of the following gentlemen:

T. E. Bailly, Ph. D., F. A. C. S., M. D.
J. R. McMurdo, A. M., Ph. G., M. D.
C. D. McGettigan, A. M., M. D.

Their valuable time and earnest effort have been most generously given to devising ways and means of perfecting the hospital service and equipment. Their work is appreciated.

To the other Members of the Staff, who also have made the interests of the Hospital their own, we render our heartfelt thanks. Their gratuitous services rendered to the members of the Community, to the pupil Nurses and to the many poor patients, have merited a reward from the God of Charity.

The Nurses' Alumnae deserve special mention for the energy and good will with which they took up the cause of the Hospital, and labored enthusiastically to secure the success of the Garden Fete.

Owing to the generosity of Mrs. Jas. McInerney, a Balopticon was purchased for the use of the Training School. This is a most valuable acquisition and of the greatest assistance in the work of teaching. Instructors and Pupils highly appreciate the kindness of the donor.

Finally, to all the kind friends who have made us their debtors by patronizing the Hospital and contributing to its welfare by word and deed, we express our deep gratitude.

Visiting Physicians and Surgeons.

Endowments.

Do good to thy friend before thou die, and according to thy ability stretch out thy hand and give to the poor.—Eccl. 14-13.

The Hospital has six endowed beds for the use of the poor:

The Justinian Caire Bed, endowed in memory of the late Justinian Caire by his widow;

Four Giblin Beds, endowed in memory of the late Thomas Giblin by his widow;

The Youths' Directory Bed, endowed by the Reverend D. O. Crowley for the boys of the Youths' Directory.

Besides the patients treated in the endowed beds during the past two years, a number of poor patients were treated gratuitously; and for a great many the terms were reduced.

It is a source of sorrow to the Sisters that their work for the poor is not so extensive as they would wish; and it is their earnest prayer that their desire may be gratified in the near future by the brightening of the financial situation.

Report of the Resident Physician

Surgical and Medical Report of St. Mary's Hospital, from January 1, 1915, to December 31, 1916.

Respectfully submitted,

H. W. HARDING.

Osteotomy, Epiphyseal Separation	1	1	-----	-----	-----
Osteotomy, Femur Deformity	3	3	-----	-----	-----
Periostitis, Metatarsal	3	3	-----	-----	-----
Periostitis, Tibia	1	1	-----	-----	-----

DIAGNOSES	Total.	Recovered.	Improved.	Unimproved.	Died.
MISCELLANEOUS					
Abscess, Hip, Incised	1	1
Abscess, Leg, Incised	1	1
Abscess, Scalp	1	1
Abscess, Thigh	5	5
Bursitis, Chronic	2	2
Bursitis, Prepatella, Excision	3	3
Bursitis, Subdeltoid, Excision	1	1
Carbuncle	2	1	1
Closure of Abdomen, Secondary	5	5
Callous of Foot, Removal	1	1
Deformity of Foot, Tendon Transplant	1	1
Deformity of Foot, Tenotomy	1	1
Deformity of Ear, Plastic	1	1
Deformity of Nose, Plastic	1	1
Extraction of Foreign Body, Buttock	1	1
Extraction of Foreign Body, Cheek	2	2
Extraction of Foreign Body, Eye	3	3
Extraction of Foreign Body, Foot	1	1
Extraction of Lane Plate, Clavicle	1	1
Extraction of Lane Plate, Femur	2	2
Extraction of Lane Plate, Fibula	1	1
Extraction of Lane Plate, Humerus	1	1
Extraction of Lane Plate, Radius	1	1
Extraction of Lane Plate, Tibia	7	7
Extraction of Needle, from Foot	3	3
Extraction of Nail, from Femur	1	1
Extraction of Steel, from Eye	3	3	2
Extraction of Steel, from Eye, Giant Magnet	7	3	4
Extraction of Shot from Face	2	2
Ganglion of Elbow, Excision	1	1
Ganglion, Popliteal Space	1	1
Ganglion, Wrist Excision	7	6	1
Hematoma, Leg, Incision	1	1
Hematoma, Scrotum, Incision	2	2
Hemorrhage, following Tonsilectomy	4	4
Hodgkin's Disease (Enucleation of Glands for Serum)	2	2
Infection, Arm	4	3	1
Infection, Finger	12	12
Infection, Foot	2	2
Infection, Hand, Incised Drained	27	27
Infection, Knee, Incised Drained	2	2
Infection, Leg, Incised Drained	5	5
Ingrown Toe Nail (operation for)	9	9
Injury to Abdomen	1	1
Injury to Thumb Nail (removal)	1	1
Laceration, Cheek, Sutured	2	2
Laceration, Hand, Sutured	16	16

DIAGNOSES	Total.	Recovered.	Improved.	Unimproved.	Died.
MISCELLANEOUS—(Continued)					
Laceration, Lip, Sutured	3	3
Laceration, Leg, Sutured	9	9
Laceration, Nerve and Tendon, Sutured	1	1

Ligation, Popliteal Artery	1	1
Lipectomy	1	1
Lipoma, Abdomen Excision	1	1
Lipoma, Back Excision	1	1
Lipoma, Chest Excision	2	2
Lipoma, Groin Excision	1	1
Lipoma, Perineum Excision	1	1
Lipoma, Shoulder Excision	3	3
Ruptured Nerve, Suture of Brachial Plexus	1	1
Ruptured Sacroiliac Ligaments	1	1
Salvarsan Injections	40	40
Sarcoma, Arm Excision	1	1
Sarcoma, Femur Excision	1	1
Scoliosis, Cast Applied	3	3
Scar, Face Plastic	1	1
Skin graft, Hand	2	2
Skin graft, Leg	7	7
Skin graft, Leg Ulcer	3	3
Subluxation, Sacroiliac Joint, Cast Applied	8	8
Tumor Thumb, Excision	1	1
Ulcer, Varicose Drainage	4	4
Veins, Varicose Varicotomy	13	13
Transfusion, Direct	6	6
MALE GENITALS					
Circumcision	68	68
Cyst, Scrotum Excision	2	2
Epididymitis, Epidymectomy	2	2
Hydrocele, Operation for Tuberculous Testicle Castration	2	2
Testicle Undescended Operation for
Urethrotomy, External	2	2
Urethrotomy, Internal	5	5
Varicocele, Varicotomy	34	34
STOMACH					
Carcinoma, Inoperable	1	1
Gastrectomy, Carcinoma	1	1
Gastroenterostomy, Closure of Old Opening	2	2
Gastroenterostomy	21	17	4
Gastrostomy, for Carcinoma	2	1	1
Gastrostomy for Diverticulum	1	1
Gastropexy	2	2
Pylorotomy, for Carcinoma	1	1
Pylorotomy, for Ulcer	1	1
Sarcoma, Inoperable	1	1

DIAGNOSES	Total.	Recovered.	Improved.	Unimproved.	Died.
FIRST PORTION OF DUODENUM					
Ulcer, Gastroenterostomy	5	5	-----	-----	-----

X-Ray Department.

The Roentgen Ray Department has been improved by the addition of the most recent apparatus both for therapeutic and radio-graphic purposes. To keep pace with the rapid increase of work in this department, it is hoped it will shortly be moved to larger and more commodious quarters.

The Department is under the supervision of Drs. Howard E. Ruggles and Lloyd Bryan, and a competent technician is constantly on duty so that treatments or radio-graphs may be obtained at any time of the day or night.

X-Ray Report, 1915 and 1916.

Hydrotherapeutic Department.

This department, which is well equipped, is in charge of Dr. Robt. Shermer and Miss M. Loftus, who are thoroughly competent in this work and have given great satisfaction to the large number of patrons who avail themselves of their services. Patients receive every desired attention, whether residing in the hospital or coming just for the treatments. After a course of treatments, patients are reluctant to discontinue, so beneficial are the results. Physicians are coming to realize more and more the value of this department.

Charges.

Nauheim Bath	\$ 3.00
Needle Bath	1.00
Shower Bath	1.00
Tub Bath (medical)	1.50
Sitz Bath	1.00

The Pharmacy.

The Pharmacy is easy of access, being located on the third floor in about the center of the building. Here remedies for the sick may be obtained at any hour of the day or night, as the department is under the direction of two Sisters who are graduate pharmacists. Prescriptions and orders of Physicians are promptly and carefully dispensed.

The Pharmacy is well stocked with chemicals and all pharmaceutical preparations on the market, and is equipped with all the appliances to be found in any first-class pharmacy.

St. Mary's Hospital Training School for Nurses.

Accredited by the State.

Students enrolled	72
Probationers entered	63
Graduated	36
Left	15
Leave of absence granted	6
Applications	562

St. Mary's Hospital Training School for Nurses was established in 1900. Its object is to give instruction to young women in the art of caring for the sick.

Requirements for Admission.

Candidates wishing to enter the school must apply in person when possible. They should be preferably between the ages of twenty and thirty, and of at least average height, of good physique, and in good health. A high school education or its equivalent is required. After the probationary term of three months the record of the student is carefully considered, and if found satisfactory, she is permitted to continue the course of training.

Hours of Duty.

The time spent on duty averages forty-eight hours each week.

Vacations.

Vacations are given during the summer months and must not exceed fourteen days.

Sickness.

In sickness, all students are cared for gratuitously. Time lost through sickness or any other cause must be made up.

Expenses.

During the three months of probation no compensation is given, save board and lodging. During the Junior Year nurses receive \$6 per month; during the Intermediate and Senior years, \$8. This is for personal expenses, washing, textbooks, etc., and is in no wise intended for wages, it being considered the education given and the profession acquired are an ample equivalent.

Graduation.

Those who have successfully passed the examinations, and satisfactorily completed the full term of three years, receive the diploma and pin of the school.

Course of Instruction.

The course of instruction is that arranged by the State Board of Health for accredited training schools. It covers a period of three years and includes practical demonstrations, classes and lectures in the following:

FIRST YEAR.

Physics and Chemistry	Ethics
Anatomy and Physiology	History and Nursing
Hygiene	Bacteriology
Nutrition and Cooking	Materia Medica
Nursing Procedures	Bandaging

SECOND YEAR.

Medical Nursing	Examination of Urine
Surgical Nursing	Laboratory Technic
Materia Medica and Therapeutics	Nursing Procedures
Nursing in Communicable Diseases	Hydrotherapy
Dietetics	Orthopedic Nursing
Operating Room Technic	Massage

THIRD YEAR.

Obstetrics	Hygiene and Preventive Medicine
Gynecology	Nursing in Mental Diseases
Pediatrics	Special Lectures on Subjects allied to Nursing
Infant Nursing	Social Service
Nursing in Diseases of Eye, Ear, Nose and Throat	Electives

Any further information desired may be obtained by applying to the Mother Superior, St. Mary's Hospital, 2200 Hayes street, San Francisco.

Pupil Nurses.

Miss Hazel Archer	Miss Alice Keffe
Miss Audry Bassett	Miss Rita Kelly
Miss Mary Begley	Miss Evelyn Kenway
Miss Louise Bigelow	Miss Agnes Leahy
Miss Ruth Bigelow	Miss Regina Leahy
Miss Teresa Borsch	Miss Mary Leonard
Miss Maude Burton	Miss Francis Mathews
Miss Anita Carey	Miss Katherine McArdle
Miss Mary Carr	Miss Ethel McGowan
Miss Hermina Caone	Miss Angela McInerney
Miss Mary Coane	Miss Cecelia McInerney
Miss Letitia Cochran	Miss Margaret McMahon
Miss Blanche Collette	Miss Anita McNamee
Miss Lucile Coyne	Miss Rose McQuade
Miss Anna Cummings	Miss Irene Nervo
Miss Helen Desmond	Miss Alice Noonan
Miss Catherine Dillon	Miss Helen Peterson
Miss Evelyn Donnelly	Miss Hazel Plasse
Miss Mary Doyle	Miss Gertrude Quinn
Miss Margaret Dunlevy	Miss Alma Robson
Miss Eleanor Dwyer	Miss Lillian Roust
Miss Emily Edler	Miss Mary Rudge
Miss Bertha Estes	Miss Christine Ryan
Miss Anita Fisher	Mr. Joseph Sarto
Miss Caroline Fontes	Miss Emelia Selaya
Miss Phyllis Francis	Miss Rose Shaw
Miss Armandine Gautherot	Miss Mary Sicocan
Miss Anna Gleibe	Miss Virginia Silva
Miss Lillian Gibney	Miss Gertrude Slater
Miss Josephine Gobby	Miss Catherine Sullivan
Miss Gladys Groom	Miss Emma Taminelli
Miss Olive Hatch	Miss Nellie Twomey
Miss Catherine Healy	Miss Julia Vigna
Miss Mary Healy	Miss Caroline Walsh
Miss Margaret Hillis	Miss Hattie Wilfong
Miss Margaret Johnson	Miss Edith Williams
Miss Mary Jones	Miss Camille Young

As St. Mary's Hospital is a Catholic institution (although patients are accepted irrespective of creed), the nurses, pupil and graduate, enjoy the blessing of an annual triduum, conducted by one of the Jesuit Fathers. This is a pleasure looked forward to, and a source of much spiritual good. The Reverend Hickey, S. J., gives a regular weekly instruction on Christian Doctrine, which favor is deeply appreciated.

The Conlan Medal.

This annual gift of Dr. F. J. S. Conlan, of St. Mary's Hospital Staff, is awarded to the young woman displaying the greatest efficiency in all branches of nursing, theoretical as well as practical; who has given satisfaction in every particular, and who is in her third year of training. She must be a young lady who can be looked upon as a model by all junior nurses.

The awarding of the Conlan Medal takes place in September of each year, and the recipient is privileged to wear it in the school from that date. The Superintendent of Nurses, the Assistant Superintendent and the Sisters in charge of the various departments, constitute a Board to decide upon who is most worthy of this honor. Should more than one pupil be considered entitled to the distinction the decision is made by drawing.

Rules and Regulations.

Visiting hours: 2 to 4 P. M., 7 to 8 P. M.

Out of consideration for the patient, visits should not be prolonged. Many complaints have been received of very weak patients being disturbed by late visitors, hence all are requested to leave the hospital by 8:30 P. M.

Relatives may obtain permission to remain with dying patients by applying at the Office.

Children under fifteen years are not permitted to visit the Maternity Department, owing to the danger of carrying communicable diseases to the new born.

Patients are not permitted to receive food from outside sources without the permission of the Sister in charge.

The hospital will not be responsible for money or valuables unless deposited in the Office, and a receipt obtained therefor.

All complaints should be addressed to the Superintendent of the Hospital.

Rates.

All bills are payable weekly and invariably in advance.

Money deposited for an unexpired term will be refunded.

The regular hospital rates include room, board, ordinary medicines and general nursing.

All extra charges are to be paid before the patient leaves the hospital.

The professional fee must be arranged between the patient and the physician or surgeon, and is not included in the hospital charge.

Patients for operation are advised to enter the hospital not later than 3:00 P. M. the day previous to the operation.

Rates Continued.

Suites\$75.00 per week.

PRIVATE ROOMS:

Per week	\$27.00	\$32.00	\$35.00	\$40.00	\$50.00
Per day (less than week)	4.00	5.00	5.50	6.50	7.50
Per day (single day only)	5.00	5.50	6.00	7.00	9.00

HALF ROOMS:

Per week	\$20.00	\$22.00
Per day (less than week)	3.00	3.50
Per day (single day only)	3.25	3.75

WARDS:

	Ordinary	Typhoid	Alcoholic or Paralyzed
Per week	\$15.00	\$17.00	\$20.00
Per day (less than week)	2.25	2.50	3.00

Bath Service, per week	\$10.00 extra		
Typhoid, in Private Room, per week	5.00 extra		

Special Charges.

Telephone installed: 25 cents per week; 5 cents local. Long distance according to regular charge of Company.

Graduate Nurse's board\$1.00 per day.

Two Nurses on case 9.50 per week.

Extra trays will not be served except in rare cases—rate 50 cents each.

Maternity Rates.

Rooms including general nursing and use of delivery room.....\$35.00

Half rooms including general nursing and use of delivery room..... 25.00

Ward including general nursing and use of delivery room..... 22.50

Salvarsan.

Patients entering for this treatment pay an extra fee of \$5.00 for use of dressing room, also the cost of medicine.

Operating Room.

Extra charges are made for the use of the operating room, according to the length of time and materials consumed. Competent anaesthetists are included in the charge.

Major operations (not over two hours).....\$15.00

Major operations (two or more hours)..... 20.00

Minor operations (not over one and one-half hours)..... 10.00

Two minor operations (one sitting)..... 15.00

Operations after 6:00 P. M., additional..... 5.00

Only extreme emergency operations are performed on Sunday:

Extra charge 5.00

Nitrous Oxide and Oxygen Anaesthetic, per hour..... 7.50

Tonsil and Adenoid operations:

Twenty-four hours in hospital, use of operating room, anaesthetic, general nursing are included in following rates:

Private room 15.00

Ward 12.50

Dressing Room Charges.

Dressings (non-resident)\$1.00

Dressings for non-resident cases must be obtained on requisition signed by Superintendent of Hospital. Charges according to material used.

Extra Charges.

Charges are extra for X-Ray and special Laboratory Examinations.

Proprietary medicines and expensive drugs will be furnished at cost price.

Excessive dressings, mineral waters and stimulants form an extra charge.

Medicine taken from the hospital forms an extra charge.

Nursing.

General nursing is included in the regular hospital charges. Graduate nurses enjoying the privileges of the hospital, are expected to observe strictly the rules and regulations, and are responsible to the Superintendent. No nurse is permitted to accept gifts of any kind from any patient.

St. Mary's Graduate Nurses Alumni Association.

Officers for 1916-1917: President, Miss Nan C. Burke; Secretary, Miss Helen M. Stack; Treasurer, Miss Carrie Kirschbaum.

On November 21, 1902, two years before the golden jubilee of the hospital, the first graduation exercises of St. Mary's Hospital Training School took place. By January, 1906, twenty-seven women had received their diplomas. Realizing the mutual benefits to be derived from organization, the graduates decided to form an alumnae association. On February 9, they met for this purpose.

Miss Mary L. Sweeney, who is ever ready to respond to calls from nurses, was invited to organize the alumnae. Sister Mary Malachi was elected temporary chairman and Miss Helen M. Stack secretary. A Constitution and By-Laws were adopted. Sister Mary Malachi was elected president and Miss A. A. Hughes secretary. A vote of thanks was tendered Miss Mary L. Sweeney for her services and kind interest.

At the March meeting, Sister M. Malachi resigned and Miss Mary Deasy (now Mrs. J. D. Sullivan) a member of the first graduation class, was elected president. Mrs. Sullivan was untiring in her efforts for the success of the Alumnae Association, and under her able guidance, the organization had a steady growth.

During the eleven years of its existence, the membership has increased to one hundred and twenty. To date, one hundred and fifty-two nurses have received graduating honors. The Sisters of Mercy among the graduates are honorary members of the association, and take a most kindly interest in everything pertaining to the welfare of the graduate nurses. A Directory of the Alumnae is maintained at the Hospital. The regular monthly meetings are held in the Lecture Hall on the first Wednesday of each month, at two-thirty in the afternoon.

This organization has taken part in the activities of the nursing profession. When the American Nurses' Association convened in San Francisco in 1908, the Alumnae contributed toward the entertainment fund. The society also took a leading part in the bazaar given at Scottish Rite Hall, November, 1913, by the San Francisco County Nurses' Association, for the benefit of the Rest Cottage at Los Gatos. The Alumnae furnished a room in the new St. Mary's Hospital as an act of appreciation for the kindness of the Sisters.

It has long been the desire of the society to endow a bed for the use of its members. In 1916, plans for this project were being formulated when the urgent need of a home for the pupil nurses caused a change in their plans. The Nurses resolved to come to the aid of the Sisters and gave a grand Garden Fete in the spacious grounds of the Hospital. The affair was most successful. Prominent men and women of the city, friends of the Sisters and the Nurses, attended to show their goodwill. To all, the members of the Alumnae desire to extend their most sincere thanks.

*Married. †Deceased.

Dr. Jos. W. Henry was born in County Sligo, Ireland, October 9, 1871. He commenced his studies in the Vincentian College, Castle Knock, Dublin, where he graduated in 1891. Owing to ill health, he came to California in 1892 and continued his studies in Los Angeles, receiving his degree from the University of Southern California November 2, 1897. Shortly after that date, he became an interne at St. Mary's Hospital; and later, Resident Physician. In that capacity, he gave great satisfaction and his name was given a permanent place as a member of the Staff. Never robust, the Doctor suffered from ill health from time to time; but he loved his profession and sought to forget his own troubles in caring for others. His death occurred on June 28, 1916.

Dr. Henry endeared himself to all who know him by his goodness of heart. His sympathy for all who suffered was unbounded. To the young, he was the most tender of fathers; to their elders, the kindest and most thoughtful of friends. The poor went to him with confidence, knowing that he would treat them as cheerfully and readily as a millionaire might expect to be served. Well may we feel assured that our dear departed friend is now with the beloved of God.

As a participant in the Preparedness Parade in San Francisco, on July 22, 1916, Dr. Geo. L. Painter met his death, having been a victim of the bomb tragedy. A member of the old First Regiment of California Volunteers, he was marching in their ranks when the awful explosion occurred.

Dr. Painter was born in Richmond, Virginia, July 10, 1871, and received his degree from the University of California in 1896. In his humility, he offered himself as a hospital steward during the war in the Philippines. During the calamity of 1906, the Doctor did noble work at one of the largest relief camps in the city. Owing to delicate health, he took up the X-ray work, in which he became so proficient. Since 1910, he was a member of St. Mary's Hospital Staff, as Roentgenologist.

The sad death of Dr. Painter was a deep affliction to all who had the happiness of knowing him. His bright, energetic manner, his candor, uprightness and unselfishness won all hearts. That he loved his profession was evident, and not because of the large income it brought to him but for the good he was able to do for suffering humanity. However overwhelming the work on hand, he always made time to give his gratuitous services to the poor. While we mourn the loss of a good man and a valued friend, we are consoled by the thought that his virtues have won favor in the sight of God and a place in the abode of the blessed.

Bequests.

According to thy ability be merciful. If thou hast much, give abundantly; if thou hast little, take care even so to bestow willingly a little.—Tobias 4:8,9.

By the law of California (C. C. Sec. 1313), no estate shall be bequeathed or devised to any charitable or benevolent society or corporation, except the same be done by will duly executed at least thirty days before the decease of testator.

Form of Bequest.

I give and bequeath to St. Mary's Hospital, a corporation of the State of California, the sum of.....Dollars, to be applied to the use of said corporation.

Endowments.

- \$ 700.00—A Bed in a Ward for one year.
- 1,400.00—A Private Room for one year.
- 7,000.00—A Bed in a Ward in perpetuity.
- 20,000.00—A Private Room in perpetuity.

Any endowment in perpetuity will be acknowledged by a tablet placed in the main entrance vestibule.
